

Editor's Note

Vol. 17 - No. 2

October 2017

This issue presents five papers related to signal processing, mobile learning, databases, intelligent systems and information systems. Besides, this issue includes three selected papers from the XXII Argentine Congress on Computer Science (CACIC 2016) related to pattern recognition, software engineering, and visualization. 29 different authors from 10 different Universities of Argentina, Brazil, Germany, Mexico, Netherlands, and Portugal were involved.

Finally, this issue also includes one PhD thesis overview and information about the 20th Workshop of Computer Science Researchers 2018 (Spanish initials: WICC 2018), the 6th Conference of Cloud Computing and Big Data (Spanish initials JCC&BD 2018) and the 13rd Congress of Teaching Technology and Technology Teaching (Spanish initials: TE&ET 2018).

Presenting this issue to the readership, we especially thank the members of the Editorial staff, the authors and reviewers and, also, the Universities that collaborated with the Journal of Computer Science and Technology.
