

WER'10: 13th Workshop on Requirements Engineering

April 12-13, 2010 – Cuenca, Ecuador

<http://grise.upm.es/wer10/>

Preliminary Call for Papers

WER'10 is the thirteenth edition of the Workshop on Requirements Engineering series. The workshop started as a meeting of the Ibero-American requirements engineering community, and by now it attracts researchers from all continents. In 2010 WER will be held in Cuenca, Ecuador. In this edition, WER will run in parallel with CibSE'10 (<http://www.upacifico.edu.ec/Cibse.html>).

SUBMISSION INFORMATION

WER'10 invites submissions of high quality unpublished papers describing novel research and/or industrial experiences in the field of Requirements Engineering. Topics of interest include, but are not restricted to:

- Requirements elicitation, analysis, and documentation
- Requirements validation, and visualization
- Requirements specification languages, methods, processes, and tools
- Requirements management, traceability, and allocation
- Requirements prioritization, and negotiation
- Modeling of requirements, goals, and domains
- Viewpoints in requirements
- Non-functional requirements
- Requirements engineering and software architecture
- Aspect-oriented requirements engineering
- Requirements for COTS-based systems
- Requirements for Web-based systems and mobile websites
- Requirements engineering for self adaptive systems
- Requirements for the agent-oriented paradigm
- Requirements for product lines
- Requirements engineering case studies and experiences
- Social, cultural, and cognitive factors in requirements engineering
- Aligning requirements to business goals and processes
- Requirements engineering education and training

Papers may be in English, Portuguese or Spanish but English is preferred. During the event, participants must present their work in English. Papers must not exceed 12 pages including figures, author's information, abstract, and bibliography. They should be submitted using the 8.5" x 11", two-column IEEE CS Press Proceedings format as a PDF file, available at:

<ftp://pubftp.computer.org/press/outgoing/proceedings/instruct8.5x11.doc>

Papers will be published by the organization in a book with ISBN number. Additionally, papers will be indexed by DBLP and made available in WER series repository <http://wer.inf.puc-rio.br/WERpapers/>.
