

Editor's Note

Vol. 20 – No. 2

October 2020

First, we are proud to announce that JCS&T has been included in Núcleo Básico de Revistas Científicas Argentinas (NBR) database from CONICET (RESOL-2020-1508-APN-DIR#CONICET, Argentina). The NBR database is composed of a set of scientific and technological, argentinian, excellent journals that cover different knowledge fields. These scientific journals are submitted to an exhaustive evaluation with unique defined criteria of quality and transcendence, according to international criteria, established by Resolution 1640/05 of CONICET.

This issue presents six papers related to modelling and simulation, machine learning, intelligent data analysis, and fog computing. 22 different authors from 11 different Universities of Argentina, Canada, Chile, Peru, and Spain were involved.

Besides, this issue also includes two Ph.D. thesis overview and information about the 9th Conference of Cloud Computing, Big Data & Emerging Topics (Spanish initials JCC-BD&ET 2020).

Presenting this issue to the readership, we especially thank the members of the Editorial staff, the authors, reviewers and also, the Universities that collaborated with this edition.
